

# CRITERIA TABLE Worksheet

Instructions: Think of the most important qualities you want in a future career. For example, it might be important to work in your home community, to complete a degree or diploma, or to be creative in your work. Career criteria is unique and based on interests, passions and needs.

Add the criteria across the top row (green) and career ideas down the left column (green).

For each cell in the table, put a ✓ if the career fits the criteria; a ? if you're not sure; and an ✗ if the career doesn't fit.

Where there's a ?, do some more research. Be sure to share, print or save your worksheet for future use.
